

Healing in Action

The Sarvejana Healthcare Foundation's **Quest for Better Health**"

Dear Supporter,

We are thrilled to provide you with the latest updates regarding the essential work being carried out by the Sarvejana Healthcare Foundation. Your continued support is invaluable in allowing us to make a positive impact on the lives of those who require it the most. The foundation is committed to bringing about positive change in two critical areas - the mobility of individuals by providing appropriate bone and joint procedures to aid their bread-earning capacity and overall well-being, and road safety by promoting advocacy, education, awareness, prevention measures, and more. The Sarvejana Foundation is dedicated to making a significant difference in society by focusing on these two areas, improving people's lives and making roads safer for everyone.

Our Initiatives:

HAPPYKNEES
One for Mother One for Other

STOP
