# PATIENT TESTIMONIALS

I had been bedridden for a long time due to knee pains. I had no hope of ever recovering and being able to walk again. But I was blessed to get free knee replacement surgery through the Sarvejana Foundation. Now, I can walk and do my daily chores without depending on my son for my toilet and other needs. I am so thankful to Dr Gurava Reddy Garu for giving me a new life!

I am immensely thankful to Dr Gurava Reddy and his foundation for providing me with free knee replacement surgery and giving me a new lease of life. Without their help, I would have completely depended on my sons for all my daily activities with no hope of ever affording a corporate hospital.

After suffering from rheumatoid arthritis for years, I had lost hope of ever being able to walk normally again. But thanks to the foundation's help, I can now move around and think of getting back to work. I am eternally grateful for this chance and look forward to a much healthier future.
